AZADI BAZAR

Azadi Bazar turned the campus into a vibrant celebration of talent and community spirit, drawing together students for an eclectic mix of activities - from a festive cake-cutting ceremony to a hidden talent showcase that revealed unexpected sides of the student body. Poetry recitals and soulful singing performances added a creative, expressive layer to the event, transforming it into more than just a gathering - it became a genuine platform for self-expression. With over 300 students in attendance, the energy on the ground reflected just how much this initiative resonated with the community.

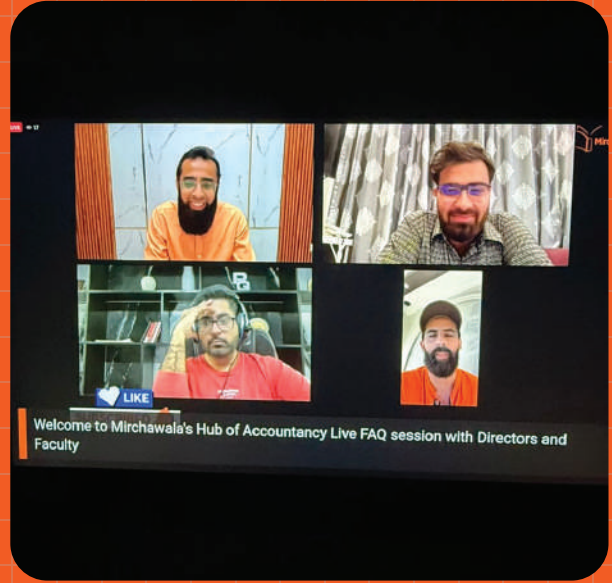

The event also spotlighted student entrepreneurship, giving ventures like Retro Booth, Craft_Creation, and the Momo Stall a real audience for their products. These student-run startups showcased creativity and business acumen well beyond the classroom setting. The energy and engagement made clear that Azadi Bazar was as much a launchpad for ambition as it was a celebration.
